

DO YOUR TECHNICIANS NEED A QUICK AND EASY WAY TO ORDER PARTS "ONLINE"?

ORDER ANY SHIFT, ANYTIME
24/7!

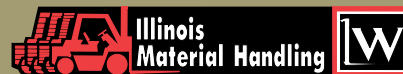

Ask about our NEW Online Parts Management Program to SAVE you TIME & MONEY. We're your single-source for electronic parts ordering to reduce transaction time and increase your part's turn around time. No need for multiple phone calls, waiting on hold, or faxing documents to get the parts your equipment requires. Get your equipment back up and running fast!

See below for additional details on how our Online Parts Program can **BENEFIT YOU!**

- Information on over 100 makes and 20,000 industrial equipment models.
- Over 2,600,000 replacement part numbers for material handling equipment based on 275,000 SKU's.
- OEM and Component Manufacturer parts.
- Sourcing capability via multiple parts' warehouses throughout the United States for any part, in one easy step.
- Cross-reference tool that guides users when exact part numbers are not known or on how to determine what parts work on which model of lift truck.
- Small annual fee based on negotiated agreement.
- Program available to customers who purchase \$5,000 of parts per year (or greater)
- Free shipping on orders meeting negotiated agreement criteria.
- Drop shipped to your location.
